Minor turn to major road

Ride leader for LH turn

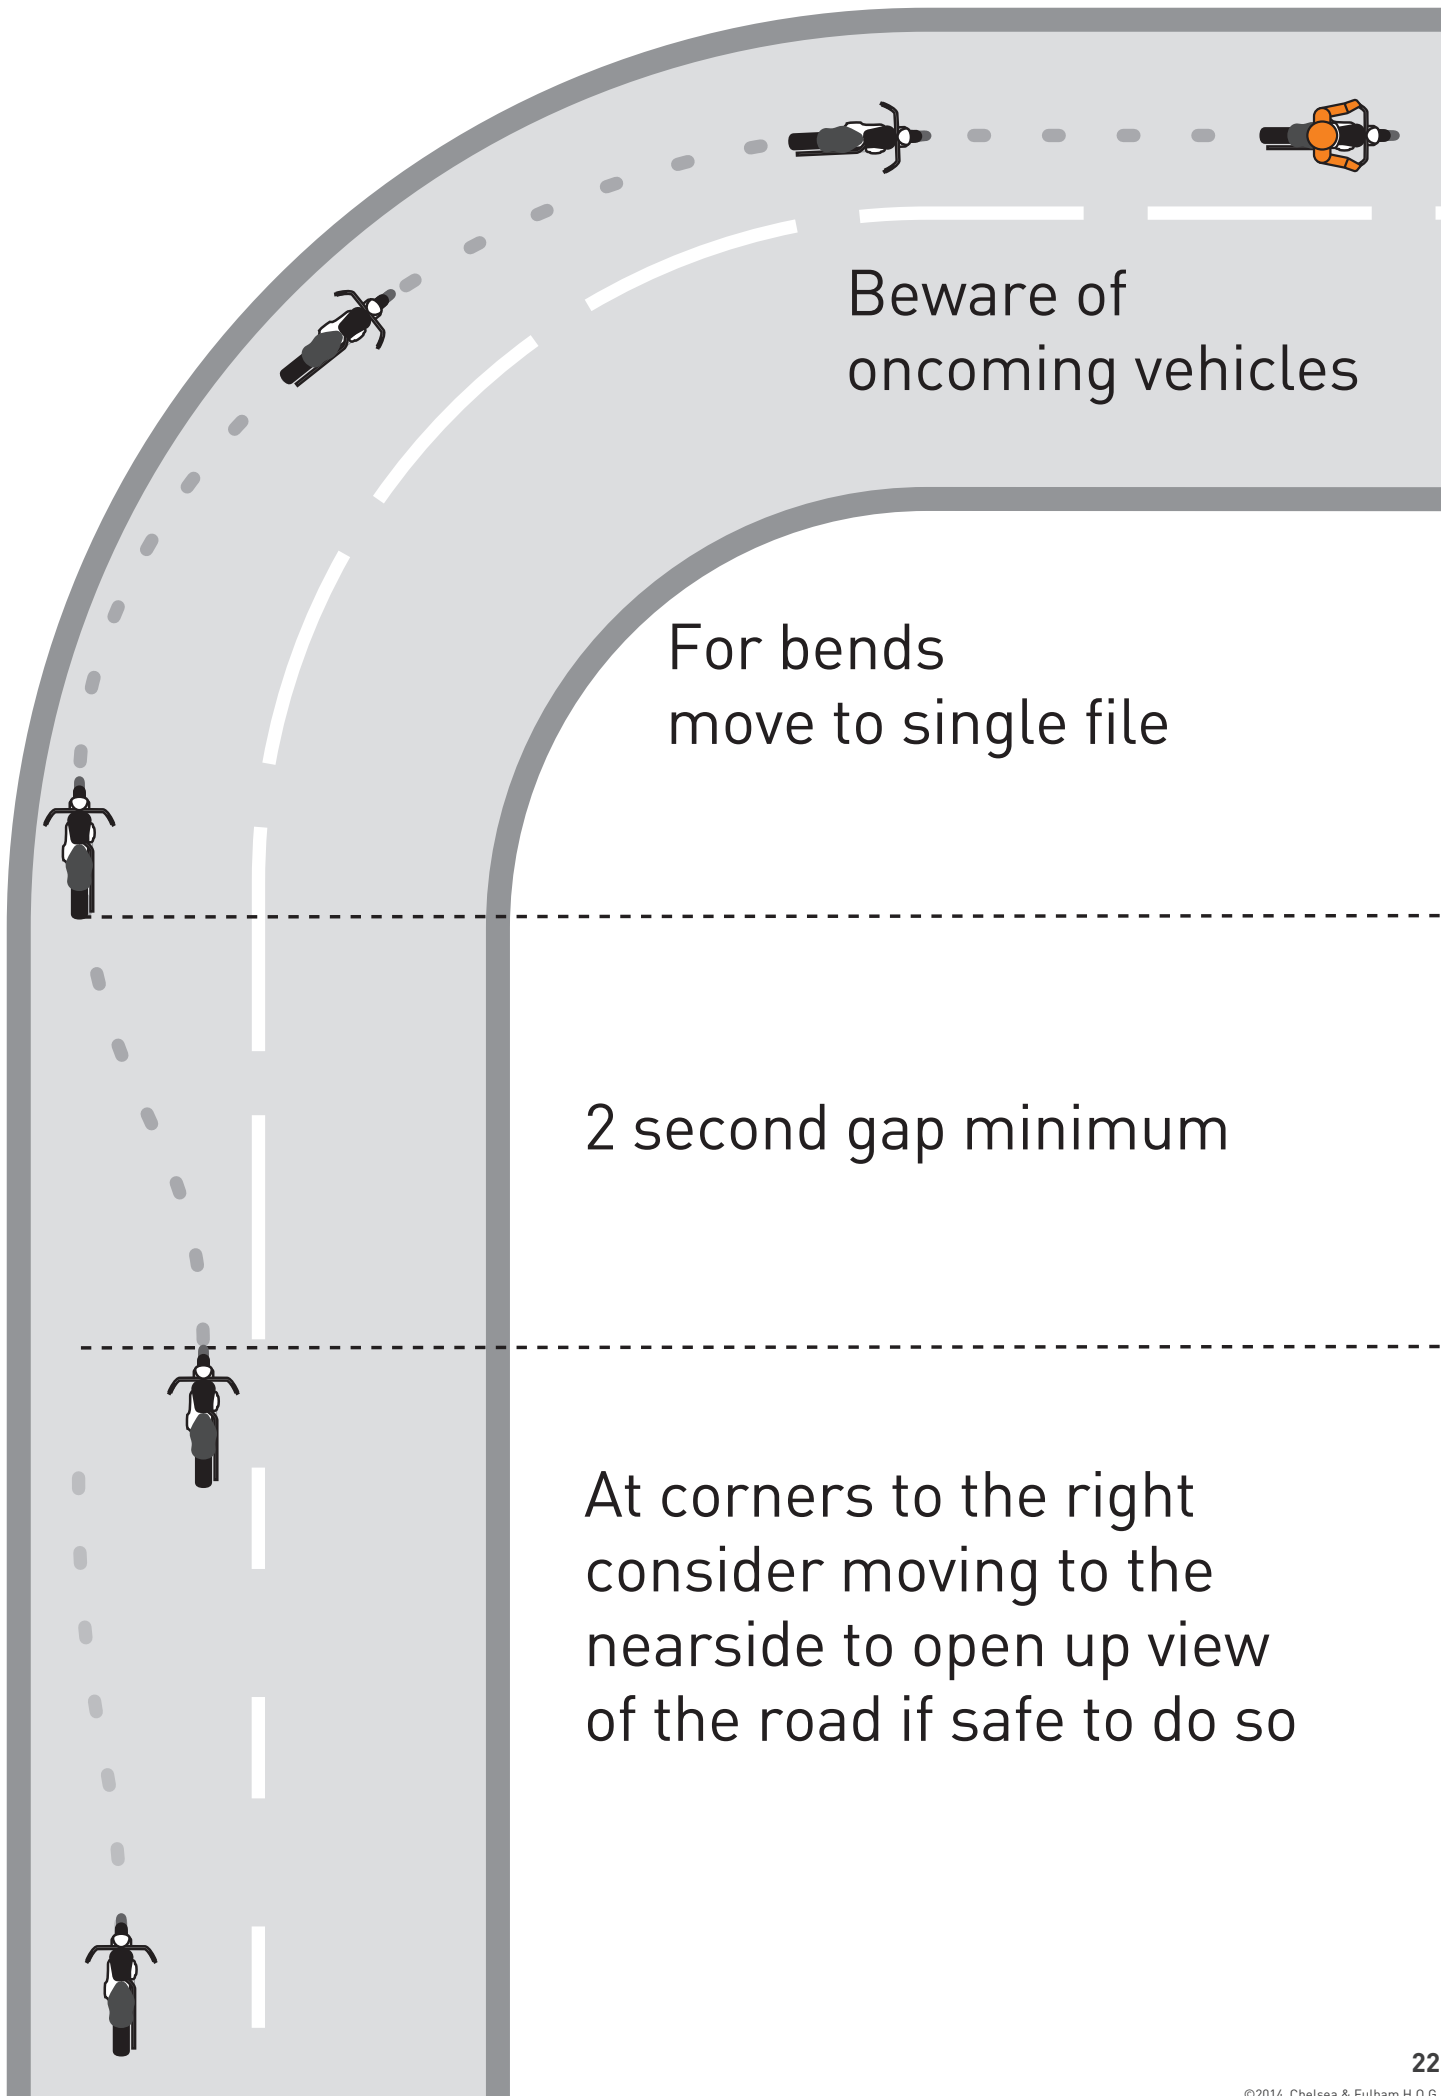

Drop off

Ride Leader for RH turn

Riders close up at stop

If lane width allows, position to left or right of lane according to turn

Beware of oncoming vehicles

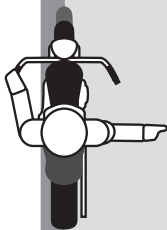

For bends move to single file

2 second gap minimum

At corners to the right consider moving to the nearside to open up view of the road if safe to do so

Every **Drop off** rider must ensure their drop off position is safe

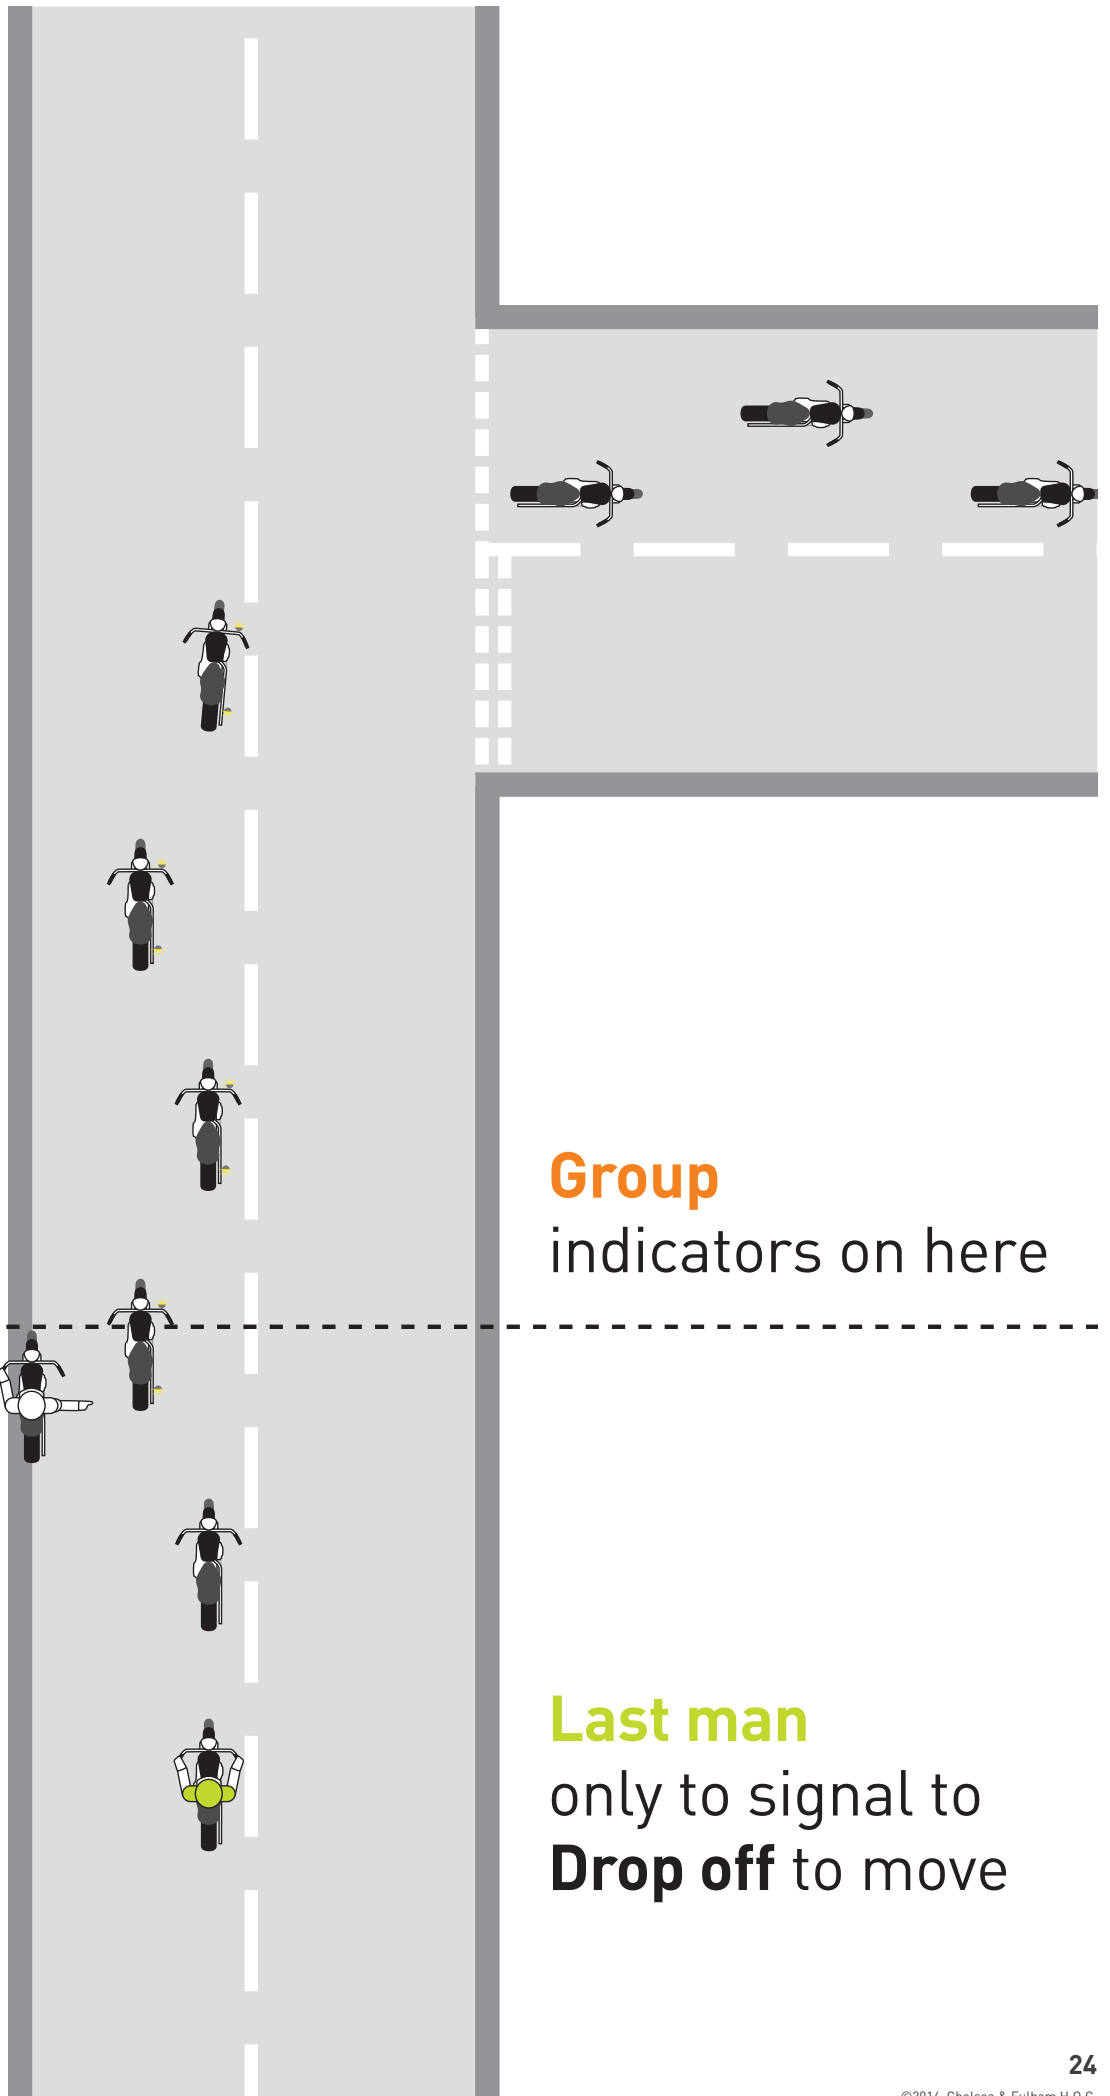

Watch to see **Ride Leader** take turn

Watch for hand to helmet warning and indicators

Drop off pulls to nearside, consider handsignals

Cancel indicator at stop

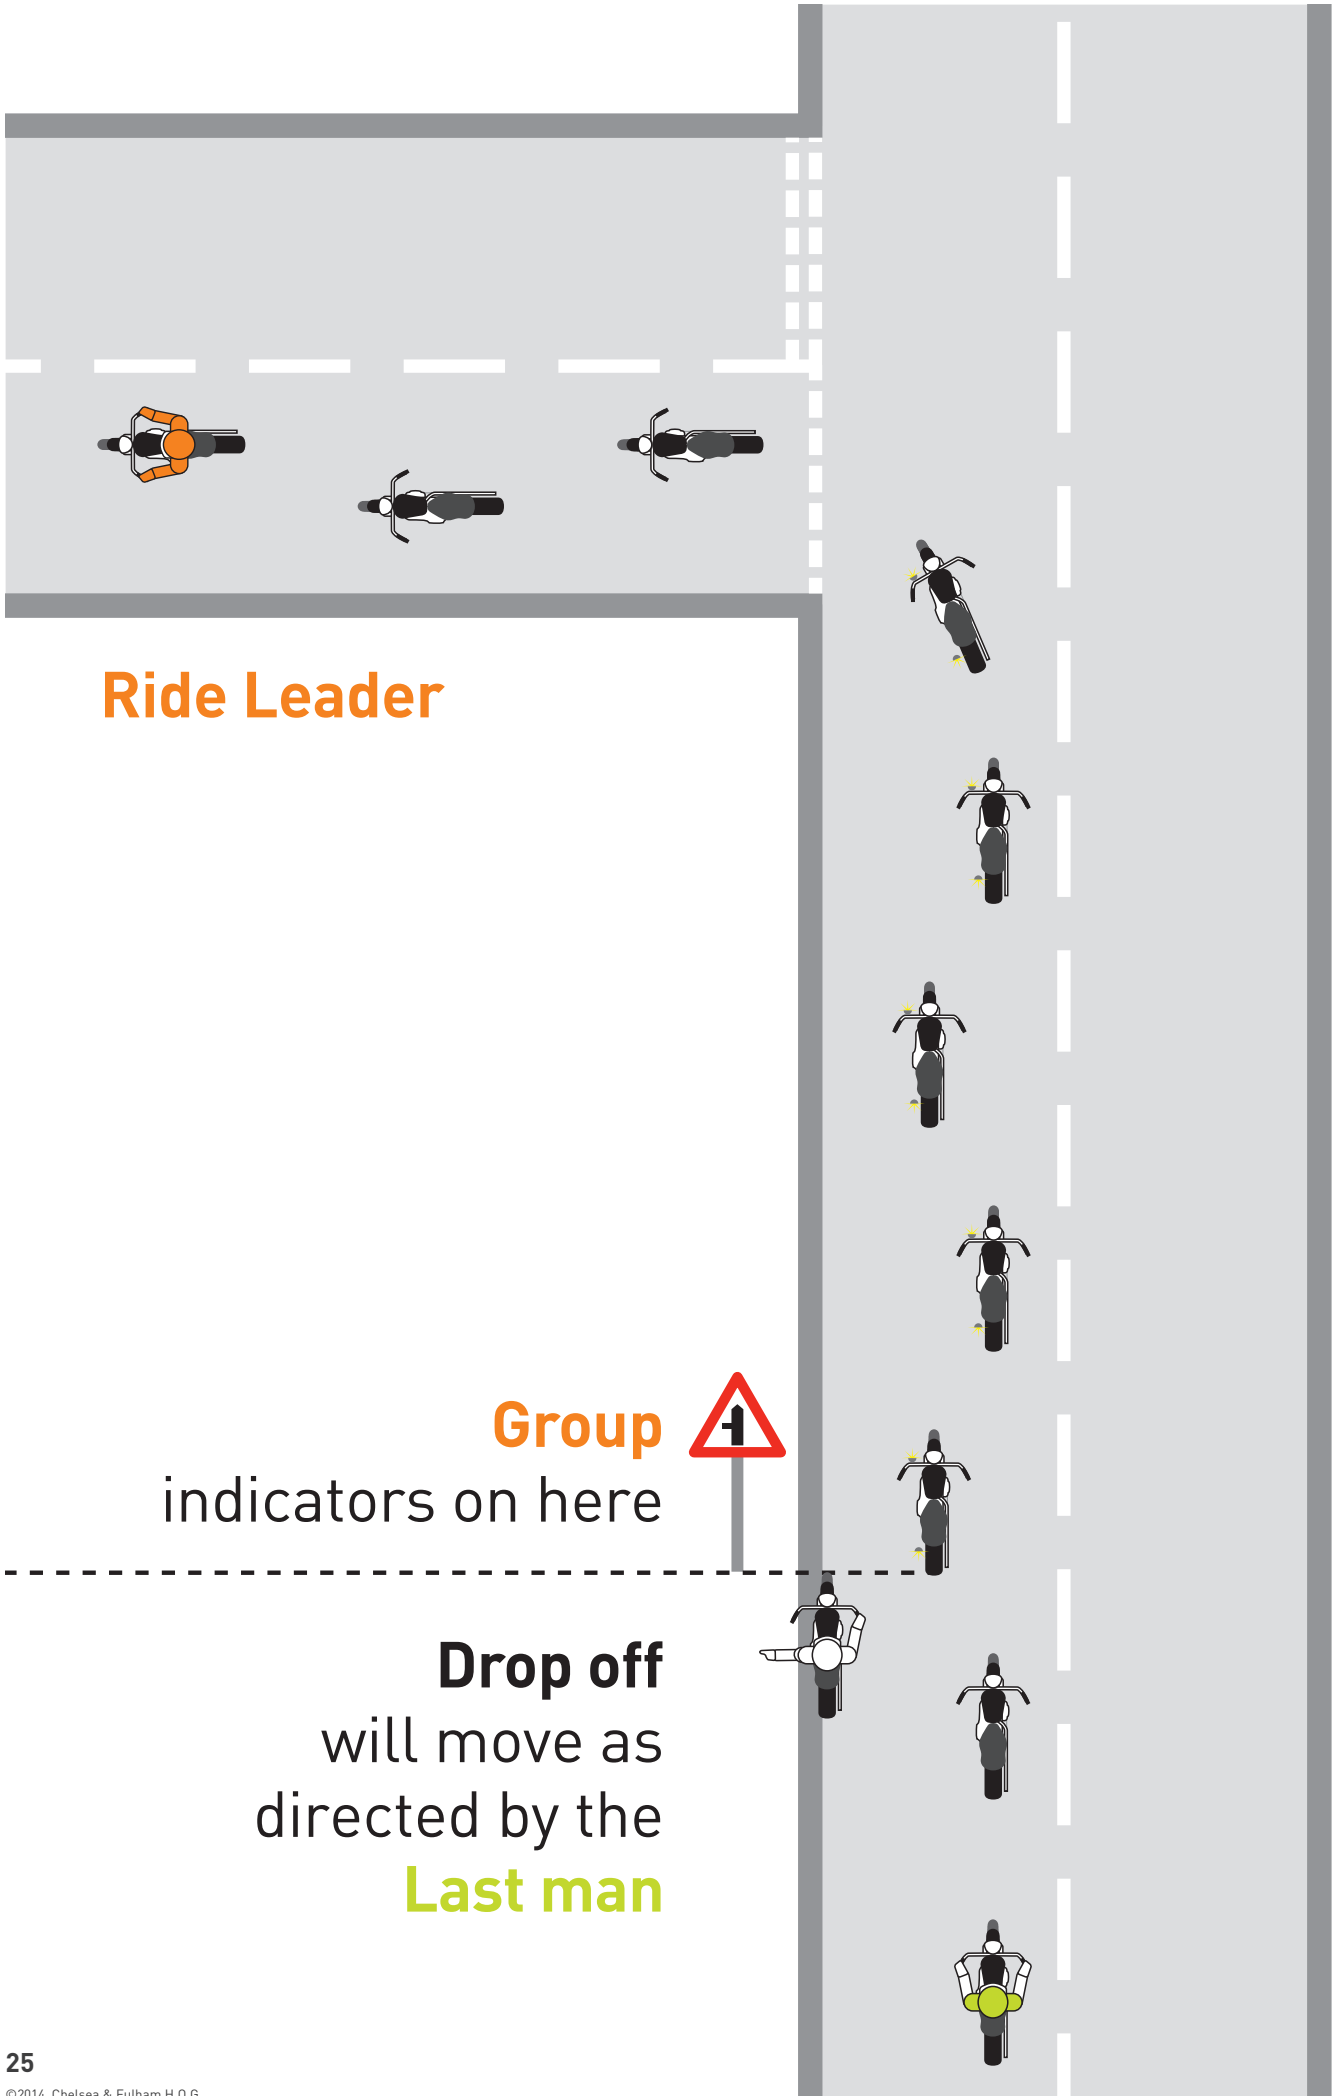

Mark turn for following riders with arm signal

Drop off
